

# **Oogles n Googles**

## **UNIVERSITY**

**a pre-K learning Center**

Oogles n Googles U was founded by Kevin and Danya Mendell, creators and owners of Oogles n Googles Franchising LLC ( [www.ooglesngoogles.com](http://www.ooglesngoogles.com)). With over 30 franchises now located across the U.S. and one about to open internationally in New Delhi, India, NCR, Oogles n Googles U is the first preschool of its kind to open in the Fall of 2009. Mr. Kevin, a well known national Children's vocalist and educator, is very excited to open his doors locally to allow children the opportunity to foster their imaginations and grow through expansion of his creative music and imagination programs.

After 8+ years of working with young children, it became apparent to Kevin and Danya that children ages 3-5 were lacking in arts and cultural experiences. After researching the preschool market extensively and working with thousands of children, Kevin and Danya decided to create the first ever of its kind, Oogles n Googles U, a Pre-K learning center specializing in the arts and culture. Located in the heart of the Carmel Arts and Design District, this preschool will allow children to explore their imaginations, learn about different cultures, experience the arts, and learn a foreign language while experiencing the revitalization and urbanization of the downtown Carmel Arts and Design District.

Monthly walking field trips throughout the district will make this experience even more exciting but the most exciting opportunity will be for children to learn from professional artisan, curators, and performing arts instructors within the district on a weekly basis. Art-drawing, painting, pottery, jewelry making, Spanish, Drama, Music and movement will be woven into our weekly curriculum.

Children will experience culture in our 100 year old Victorian house and Story book carriage house. Children will learn about history in our storybook carriage house, they will plant gardens and build snowmen in our backyard, they will meet a "Cherokee Indian", take a trip to the house of miniatures museum, learn about the

history of Carmel, Learn about the performing arts, have a mothers tea, a thanksgiving feast, dress up as princesses and kings, become superheroes, go on a dinosaur hunt, write letters to children in China, and learn how to say hello in Chinese. These are just some of the experiences your children will enjoy during the week at OnG U.

Through fun and adventure, children will develop skills in language arts, Math, science, social studies, Music, Physical Education, and the Visual Arts by meeting the Foundations to the Indiana Academic Standards for Young Children.

M/T/W/TH

8:30am - 12:00pm

The preschool will follow the Carmel Clay School Calendar.
